

Om Prakash Borse

Full Stack Developer — Java Developer — Data & ML Enthusiast

Shirpur, Maharashtra — +91 9404190904 — omborse771924@gmail.com

linkedin.com/in/om-borse-21066928b — github.com/omborse771924 — leetcode.com/u/eHz2YPGGV4/

Professional Summary

Computer Engineering student with hands-on experience in full-stack development, Java, Python, data analysis, machine learning, and cybersecurity. Experienced in developing responsive web applications, REST APIs, database-driven systems, and ML-based solutions. Skilled in EDA, data preprocessing, feature engineering, feature selection, visualization, model training, and evaluation. Strong foundation in Data Structures and Algorithms, OOP, DBMS, SQL, and software development.

Technical Skills

Languages: C++, Java, Python, JavaScript, SQL

Frontend: React.js, Tailwind CSS, Bootstrap, HTML5, CSS3

Backend: Node.js, Express.js, Flask, REST APIs

Databases: MongoDB, MySQL, Firebase

Data Analysis & ML: EDA, Data Cleaning, Data Preprocessing, Feature Engineering, Feature Selection, Data Visualization, Statistical Analysis, Model Training, Model Evaluation, Classification, Regression

ML Libraries & Techniques: Pandas, NumPy, Scikit-learn, Logistic Regression, Decision Trees, Random Forest, Gradient Boosting, KNN, SVM, Naive Bayes, RandomizedSearchCV, ROC/AUC

Tools & Platforms: Git, GitHub, VS Code, Jupyter Notebook, Microsoft Azure, Kaggle, Vercel, Vite

Core Concepts: Data Structures & Algorithms, OOP, DBMS, SQL, Machine Learning, RESTful APIs

Experience

Web Development Intern — Coding Raja

May 2025 – June 2025

- Engineered 3+ responsive web applications using HTML, CSS, and JavaScript, improving performance and usability.
- Optimized UI components and responsive layouts across multiple device types.

App Development Intern — CodSoft

Aug 2025 – Sep 2025

- Implemented 5+ application features to improve functionality and user interaction.
- Identified and resolved 10+ UI issues, improving application stability and user experience.

Web Development Intern (Shopify) — Being Ambitious

Jan 2025

- Customized 2+ Shopify e-commerce stores, improving UI, navigation, and user experience.
- Optimized store layouts and collaborated with 3+ team members to deliver client solutions within deadlines.

Projects

ProjectVault – AI-Powered Project Discovery Platform

MERN Stack, MongoDB, REST APIs

- Developed a full-stack platform for searching, filtering, and exploring software projects based on technologies and categories.
- Built RESTful APIs using Node.js and Express.js with MongoDB for project data storage and retrieval.
- Implemented responsive search and filtering interfaces using React.js to simplify project discovery.

AegisGuard.AI – Cyber Threat Intelligence Platform

[Live Demo](#)

HTML, CSS, JavaScript, Python, Git, Vercel

- Developed a cybersecurity platform focused on phishing URL detection and cyber awareness.
- Integrated real-time URL analysis and security insights through a responsive web interface.
- Implemented security-focused workflows to identify potentially malicious URLs and provide actionable threat insights.
- Deployed the platform using Vercel and managed development using Git version control.

EcoSweep – Android Application

Android Development

- Developed an Android application focused on waste management and environmental awareness.

- Designed intuitive interfaces and implemented core application functionality to improve user interaction.

Education

B.Tech in Computer Engineering	<i>2023 – 2027</i>
SVKM's NMIMS, Shirpur	CGPA: 3.0 / 4.0
Higher Secondary (HSC)	<i>81.17%</i>
S.P.D.M. Arts, S.B.B. & S.H.D. Commerce & S.M.A. Science College, Shirpur	
Secondary School (SSC)	<i>90.50%</i>
R.C. Patel English Medium Secondary School, Shirpur	

Certifications

- Web Development Certification
- Python Programming Certification
- Java Programming Certification
- Flask Development Certification
- Django Development Certification
- Microsoft Azure Certification

Achievements

- Earned a **Degree in Abacus for Mathematics and Problem-Solving**, demonstrating strong numerical reasoning, mental calculation, and analytical thinking.
- Secured **1st Prize at District Level** in Mathematical Logic and Abacus, demonstrating strong mathematical reasoning and problem-solving skills.
- Secured **3rd Prize at State Level** in Mathematical Logic and Abacus, demonstrating strong numerical ability and analytical problem-solving.
- Participated in **Smart India Hackathon (SIH)**.
